Erratum: Search for single production of scalar leptoquarks in proton-proton collisions at $\sqrt{s} = 8$ TeV [Phys. Rev. D 93, 032005 (2016)]

CMS Collaboration ; Canelli, F ; Chiochia, V ; Kilminster, B ; Robmann, P ; et al

Abstract: In the original paper, the numerical limits of masses of leptoquarks were stated incorrectly in the abstract as 1730 GeV for first-generation leptoquarks and 530 GeV for second-generation leptoquarks. The correct values are 1755 GeV and 660 GeV, respectively. These values are reported correctly in the body and summary of the original paper.
